**HEARING AID COMPATIBILITY REPORT  
OF NTCH-Idaho, INC.**

NTCH-Idaho, Inc., dba Clear Talk, FRN 0005-7976-00 (the "Company"), a Tier III CMRS provider, hereby submits the following Hearing Aid Compatibility report with respect to its operations in the state of Idaho.

**1. Digital Wireless Phones Tested**

Not applicable. However, according to Nokia, one of our main suppliers of handset models, they are a participant in the Alliance for Telecommunications Industry (ATIS) Working Group 4 incubator to address and revise standards related to hearing aid compatibility (HAC). Nokia conducts testing according to the current version of the ANSI C63.19 standard.

**2. Laboratory Used**

Not applicable. Please check report by Nokia.

**3. Test Results For Each Phone Tested**

Not applicable. Please see report by Nokia.

**4. Identification Of Compliant Models & Ratings According To ANSI C63.19**

Not applicable. Please see report by Nokia.

**5. Report On The Status Of Product Labeling**

Not applicable. Please see report by Nokia.

**6. Report On Outreach Efforts**

We are working closely with our suppliers in order to track any developments in this area of technology, so as to be able to provide our customers with the compliant handset models. As soon as it is available from our suppliers, we will have brochures/inserts available to our customers at point of sale. We plan to train our personnel to assist consumers with questions regarding Hearing Aid Compatible handsets.

**7. Information Related To Retail Availability Of Compliant Phones**

We are in contact with our suppliers and are keeping abreast of the latest developments, so that we may provide our customers with HAC compliant handsets.

**8. Information Related To Incorporating Hearing Aid Compatibility Features Into Newer Models Of Digital Wireless Phones.**

We are in contact with our suppliers in order to insure that any new features that relate to Hearing Aid Compatibility will be incorporated into the newer models.

**9. Activities Related To ANSI C63.19 Or Other Standards Work Intended To Promote Compliance With This Order.**

See answer for number 6.

**10. Total Numbers Of Compliant And Non-Compliant Phone Models Offered As Of The Time Of The Report**

As of the time of this report, seven handset models are non-compliant and zero are compliant.

**11. Ongoing Efforts For Interoperability Testing With Hearing Aid Devices**

Not applicable. Please see report by Nokia.
